

# Healthy Land, Healthy Horses

## Land management workshops for horse properties

Stuart Myers, of Equiculture is delivering two workshops in the Yarra Valley area. The Equiculture program is loved by horse owners throughout Australia (and beyond!) as an evidence-based approach to keeping horses and land healthy.

### Topics covered:

- Horse health, behaviour and welfare
- Grazing management for pasture and soil health
- Managing equine obesity and laminitis
- Manure and parasite management
- Property designs for healthy horses and healthy land
- Reducing farm labour to increase quality time with your horses
